

Express Scripts Participates in Golf Tournament to Support Military

Express Scripts recently supported the efforts of The Edwardsville Republican Women (ERW) at their 7th Annual, "Operation Defending Freedom" Golf Tournament for our U.S. Armed Forces on Aug. 13th, 2011. The event was held at the Oak Brook Golf Club in Edwardsville, Illinois. The organization relies on businesses and private sponsorships with all profits from this non-partisan event going directly to our military.

Express Scripts supported a hole sponsorship as well as its own golf team, which included golfers Nick Jacobs, Sr. Contracts Manager, Michael "MJ" Johnston, Business Analysis Specialist, Richard Hauser, Sr. Legal Counsel and David Zucker, Director of Contracts, who is also a veteran. They were among the 27 teams participating, along with over fifty veteran golfers in the group. Express Scripts volunteers for the event were Stephanie Fedder, Sr. Communications-Channel Management, and Jennifer Sexton, Contract Specialist.

Judy Loemker, President of the ERW stated, "We extend our deepest thanks to Express Scripts for joining us this year as we continually seek to aid our U.S. Armed Forces. We truly appreciate your hole sponsorship, skilled golf team, and two hard-working ESI volunteers who participated. Please convey our sincere gratitude to all Express Scripts employees who currently serve in the military or are veterans of this great nation. We are ever indebted!"

The tournament was played in memory of six area soldiers: Cpt. John E. Tipton, Spc. Ryan C. Garbs, Spc. Justin O. Penrod, Sr. Airman Bradley R. Smith, Staff Sgt. Jordan B. Emrick, and Lance Cpl. Kenneth A. Corzine. They are heroes who will never be forgotten.

The Edwardsville Republican Women's ongoing projects range from sending care packages and letters to soldiers in Iraq and Afghanistan, to buying tires and insurance for the specialized lift bus which transports Walter Reed patients to various functions.

Express Scripts employees enjoying the day include golfers David Zucker, Nick Jacobs, Michael "MJ" Johnston and Richard Hauser.
