The Marine Corp Scholarship Foundation Awards Dinner

Express Scripts helped the Marine Corps Scholarship Foundation celebrate their 50th Anniversary at the Inaugural St. Louis Awards Dinner held at the Hyatt Regency on Friday, December 7th. Honoring the Marine Corps and those that have served, Express Scripts proudly donated \$10,000 to the scholarship foundation.

The Marine Corps Scholarship Foundation is a non-profit organization that provides scholarships for post-high school education and career training for the sons and daughters of Marines and Navy Corpsmen. The Foundation has awarded over 27,000 scholarships since 1962, resulting in over \$60 million worth of contributions to Marine Corps families. Celebrating its 50th year, the Marine Corps Scholarship Foundation is the nation's oldest and largest provider of need-based scholarships to U.S. military families. The Inaugural St. Louis Awards Dinner gives an opportunity for members of the community to recognize leaders in business, military and civic life who are outstanding supporters and contributors to the welfare of the Marine Corps and their families.

Express Scripts employees Tim Jones, Valerie Miller, Steve Kelly, Don Blankenship and their guests joined the award recipients and military guest of honor, General James T. Conway U.S. Marine Corps (Retired) in celebrating this special event.
