Home delivery: savings and to-your-door convenience

Did you know you could avoid paying more money if you use home delivery? For your long-term medications (those you take for at least 3 months), you'll typically pay less with home delivery from Express Scripts® Pharmacy. You'll get up to a 90-day supply with **free** standard shipping.

It's easy to start! Just call us at the number on your member ID card, and we'll ask your doctor for a new prescription. Or ask your doctor to e-prescribe or fax a 90-day prescription to us. You can also get started at express-scripts.com.

Generics: benefits for your health and budget

FDA-approved generics are just as safe and effective as brand-name medications. The difference? Generics can cost up to 85% less,¹ and 9 out of 10 prescriptions filled are generics.²

If you're taking a brand-name medication, ask your doctor if a less expensive generic is available.
