

Your prescription co-payments at a glance

Show this to your doctor and discuss ways to pay less for your medications.

If you need a long-term medication, you may pay less over time by using the Express-Scripts Pharmacy® mail-order service, now a part of the Express Scripts family of pharmacies. We'll deliver up to a 90-day supply right to you—and standard shipping is free. Take the enclosed mail-order form to your doctor and ask if a 90-day prescription would be right for you. Your doctor can also fax your prescription to Express Scripts by calling 888.327.9791 for faxing instructions. To learn more about your benefit, log in to Express-Scripts.com and select "Benefit highlights" from the left-hand menu.

	At a retail pharmacy	Through the <i>Express-Scripts Pharmacy</i>
Generic drugs	\$15 30-day supply	\$37.50 90-day supply
Preferred brand-name drugs	\$30 30-day supply	\$75 90-day supply
Nonpreferred brand-name drugs	\$50 30-day supply	\$125 90-day supply

Note: If you request a brand-name medication when a generic equivalent is available, you will **pay the applicable co-payment, plus the difference in cost** between the brand and the generic.

Drug conversion programs at mail

If you are prescribed a drug that is not on your health plan's preferred list, yet an alternative plan-preferred drug exists, we may contact your doctor to ask whether that drug would be appropriate for you. If your doctor agrees to use a plan-preferred drug, you will usually pay less.

For short-term prescriptions, such as antibiotics, use a participating retail pharmacy

As a member, you can go to any of nearly 60,000 retail pharmacies, including most major drugstores. Just ask your retail pharmacy if it's in our network. You can also log in to Express-Scripts.com and click "Locate a pharmacy" or call Member Services toll-free at 800.711.0917. For your convenience, we've identified some participating pharmacies near your address.

Please contact Member Services for in-network pharmacies near you.

KEEP THIS INFORMATION

If you have any questions after you start using your benefit, please call Member Services toll-free at 800.711.0917.

For long-term prescriptions, use the Express-Scripts Pharmacy to avoid paying more. You may pay more for your long-term drugs (such as those used to treat high blood pressure or high cholesterol) unless you order your prescriptions through the mail from the Express-Scripts Pharmacy.

The first

three times that you purchase a long-term drug at a participating retail pharmacy, you'll pay your retail co-payment. After the third purchase, you'll pay the higher cost if you continue to purchase it at retail. To avoid paying more, use the Express-Scripts Pharmacy and pay your mail-order co-payment for up to a 90-day supply.

If the cost of a medication at a retail pharmacy is lower than your plan's retail co-payment, you will not pay more than the retail pharmacy's cash price, regardless of the number of times you purchase the medication. In some cases, this price may be less than either your standard retail or mail co-payment.
