The following is a list of the most commonly prescribed drugs. It represents an abbreviated version of the drug list (formulary) that is at the core of your prescription plan. The list is not all-inclusive and does not guarantee coverage. In addition to using this list, you are encouraged to ask your doctor to prescribe generic drugs whenever appropriate.

PLEASE NOTE: Brand-name drugs may move to nonformulary status if a generic version becomes available during the year. Not all the drugs listed are covered by all prescription plans; check your benefit materials for the specific drugs covered and the copayments for your prescription plan. For specific questions about your coverage, please call the phone number printed on your member ID card.

Go to [express-scripts.com](https://www.express-scripts.com) for a full list of formulary exclusions with their covered alternatives or log on to compare drug prices. Costs for covered alternatives may vary.

THIS DOCUMENT LIST IS EFFECTIVE JULY 1, 2026 THROUGH DECEMBER 31, 2026. THIS LIST IS SUBJECT TO CHANGE. You can find more information at [express-scripts.com](https://www.express-scripts.com).
