**Your Cost-share**

TRS-ActiveCare Primary+ has copays and coinsurance. You pay the lowest copay for generic drugs. **Your plan also includes certain preventive generic and SaveOnSP medications with \$0 copays.**

**Rx Deductible**

Each plan year (September–August), each covered person in your family will pay the first \$200 for brand name drugs. After you meet your annual \$200 deductible, you are responsible for the cost-share listed in the chart above.

Ex: Pref. Brand drug cost \$800; you pay \$200 DED + 25% coinsurance up to max of \$100  
*Retail 31 day: \$200 DED + 25% or \$100 max = \$300 first fill, then 25% up \$100 max thereafter*

**However, if you choose a brand name drug with a generic alternative, you must pay the difference between the cost of the brand name drug and the generic drug, plus the applicable generic copay.** This difference does not count toward your annual deductible.

**Maximum Out of Pocket (MOOP)**

\$6,900 per Person

\$13,800 per Family

Your MOOP is shared with your medical plan. Your prescription deductible and cost-shares apply toward your MOOP.
