

01.10.2020

Reminder: Cigna Commercial Pharmacy Plans continue moving to Express Scripts

On January 1, 2020, Cigna transitioned additional Commercial plans to Express Scripts systems. Claim submissions for groups that have transitioned are now supported by the updated Express Scripts payer sheets and the most recent Express Scripts Provider Manual. To access the payer sheets, login to the Pharmacist Resource Center at <https://prc.express-scripts.com> and click the Resources tab.

Please use the following information when submitting claims for these Cigna group members with **dates of service of January 1 forward**:

BIN:	017010
PCN:	0215COMM or 0518GWH
Rx Group:	As shown below - REQUIRED

If claims are submitted for these groups on or after January 1 with the previous BIN or PCN, claims will reject with NCPDP Reject Code 01 (M/I BIN) and 04 (M/I Processor Control Number) with additional messaging that provides the new BIN/PCN. Please update impacted member's profiles with the new processing information as applicable.

Please use the following information when submitting claims for these Cigna group members with **dates of service prior to January 1**:

BIN:	017010
PCN:	02150000 or 05180000
Rx Group:	As shown below - REQUIRED

As groups continue to transition, additional communications will be sent.

REMINDER: Cigna plans that have transitioned to Express Scripts systems require Group IDs to be included in the claims submission. This applies to plans with BIN 017010 and PCNs 0215COMM and 0518GWH.

If you have point-of-service or claims processing questions, please contact Cigna at **800.922.1557**.

The Rx Groups that transitioned on January 1 are listed below:

Rx Group	Name	BIN	PCN
880400	IFP - Arizona	017010	0518GWH
880800	IFP - Colorado	017010	0518GWH
