

## Express Scripts is becoming our national pharmacy benefit administrator

Beginning April 1, 2023, our national pharmacy benefit administrator is moving from CVS Caremark to Express Scripts.

The Express Scripts network offers access to 64,000 retail locations (including CVS pharmacies in Target stores) as well as mail delivery services. To search for in-network pharmacies, visit the Pharmacy Locator on [www.express-scripts.com/Target](http://www.express-scripts.com/Target). Note: Pharmacies located within Walmart and Shopko are not in network.

### Pharmacy pricing

Enrollment in a Target-sponsored medical plan includes a prescription drug benefit.

### Save money on prescription drugs

**Rx Savings Solutions** is a free service designed to help enrolled team members and their families save money on prescriptions via personalized suggestions such as therapeutic alternatives, dosage form, tablet splitting or price shopping.

**SaveOnSP** is available if you are enrolled in a Target-sponsored HRA or Surest (formerly Bind) medical plan and provides you with access to select specialty drugs at no cost by registering with SaveOnSP, which optimizes manufacturer rebates to save you and Target money.
