PHARMACY BENEFIT OVERVIEW

Information About Your Plan – A Deeper Dive

Important reminders:

- If you are taking insulin, regardless of the tier, you will never pay more than \$25 for a 30-day supply of insulin.
- If your doctor prescribes less than a full month's supply of certain drugs, you will pay a daily cost-sharing rate based on the actual number of days' supply of the drug you receive.
- You may receive up to a 90-day supply of certain maintenance drugs (medications taken on a long-term basis) through an EDS pharmacy or by home delivery through Express Scripts® Pharmacy. There is no charge for standard shipping.
- Not all drugs are available at a 90-day supply and not all retail pharmacies offer a 90-day supply.

PHARMACY BENEFIT OVERVIEW

Information About Your Plan – A Deeper Dive

Formularies are a list of specific drugs covered by the plan and their costs and could change on January 1, 2024.

Reasons for formulary change:

- The Food and Drug Administration approves a new medication or existing medication as part of treatment for a new disease category.
- A brand-name medication loses its patent and generic versions become available.
- A medication has been withdrawn from the market for safety reasons.
- A medication becomes available without a prescription (over-the-counter drugs are not typically covered under prescription drug plans).
- You can contact Express Scripts Medicare Customer Service for more information regarding formularies and changes.

PHARMACY BENEFIT OVERVIEW

No changes from current plan!

Information About Your Plan – Retail or EDS Supply

Tier	Prescription drug type	Your costs			
		Retail Network		Extended Day Supply (EDS) Network

medication

PHARMACY BENEFIT OVERVIEW

Full Coverage in the Gap

Drug payment stages effective Jan. 1, 2024

Initial Coverage

In this drug payment stage, you pay a copay and the plan pays the rest.

You stay in this stage until your total drug costs reach \$5,030.

Coverage Gap

Your plan provides additional coverage through the gap, and you continue to pay the same copay as you did in the initial coverage stage.

You stay in this stage until your out-of-pocket costs reach \$8,000.

Catastrophic Coverage

In this stage, you will pay \$0 for covered Part D drugs.*

You stay in this stage for the rest of the plan year.

*Your plan covers additional drugs not normally covered by Medicare Part D. You will have cost sharing for these drugs, regardless of the coverage stage you are in.

Getting the Most from Your Plan

Ask your doctor for a generic or a lower-cost equivalent

If using a coupon, be sure to speak to the pharmacist first about any coupons you may plan to use.

Take your medications as prescribed and set reminders to help you stay on track

GETTING THE MOST FROM YOUR PLAN

Long-term Medications

Convenient home delivery from Express Scripts® Pharmacy

Express Scripts® Pharmacy will contact your doctor to get your new prescription

Delivered straight to your door with free standard shipping, with auto-refills and reminders available

Talk with a pharmacist by phone 24/7

GETTING THE MOST FROM YOUR PLAN

Vaccinations: Don't Miss Your Shot to Protect Yourself

- Covered by your prescription plan at a participating retail pharmacy

- Common vaccines covered under your plan include shingles, tetanus, hepatitis A & B, RSV, and more

- Don't forget to present your ID card to the pharmacist

Did you know? The Shingrix vaccine is more than 90% effective at preventing shingles and long-term nerve pain.[^]
